TOP JEE-ADVANCED RESULTS - 2020

I would owe all my success to KK Sir. He has supported and guided me constantly for four years. The techniques used by him to teach difficult concepts helped me to understand even the toughest concept. He instilled my interest in Organic Chemistry which was once my biggest fear. Remembering reactions was not a difficult task due to Sir. I have scored 144(AIR) in JEE Mains and AIR 365 in JEE Advanced and I am happy for that. I sincerely thank KK Sir for monitoring my progress throughout all these years and guiding me as a father.
I would suggest every future aspirant to make a wise decision and study under KK Sir's guidance to fulfill your dreams

NEET ALL INDIA GENERAL CATEGORY - 2020

I am second girl child in my family. My father is working in Railways. He helped me to keep all my problems during my preparation. I could crack over 720 marks in shocking only because of him. His style of teaching is very easy to understand. So he makes work harder to get results. I am very grateful to him.
